

The digital solutions
that will transform the residents'
everyday life.

DECAYEUX
DEPUIS 1872

MySmartBox's add-ons.

Our goal _

- ✓ to develop innovative services within multiple occupancy buildings.
- ✓ Improve communication between residents.
- ✓ Promote sharing and exchanges within the residents and the surrounding area, local businesses, shops.

walter APP_

Walter app is designed to have a social and societal dimension, fostering social cohesion. This app is dedicated to improve the everyday life within multiple occupancy buildings, helping communication between its occupants. MySmartBox becomes integral part of this community, as residents can not only receive their parcels, but also barter, lend items and receive special offers from local businesses.

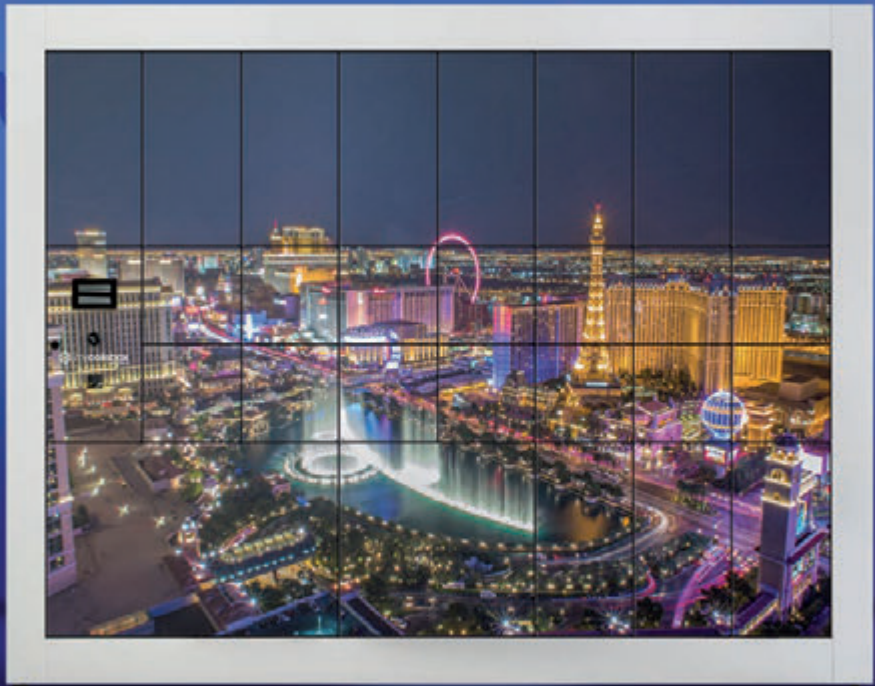

walter BOARD_

This digital notice board is a substitute to the standard notice boards. Walter Board includes the key elements of Walter App and displays real-time information.

walter PARTNERS_

Walter Partners is a digital solution bringing together local professional services and local residents. With Walter Partners, our professional partners embrace our vision. MySmartBox improves the end users experience by leveraging new professional services accessible through our solution.

 **mysmartbox** is the central point of our solution.
 Winner of the Innovation Award at the CES 208 and 2019
 and Winner of the GERMAN DESIGN AWARD 2019
